Reply to Office Action dated 3/10/2005

Remarks/Arguments

This case has been reviewed and analyzed in view of the Official Action dated 10 March 2005. In the Official Action, the Examiner has found two inventions, namely, Group I directed to Claims 1-5 drawn to a ferrite cored coil structure; and Group II directed to Claim 6 drawn to a method for making a ferrite cored coil structure. The Examiner has required that Applicant chose Group I or Group II for further prosecution in this case.

By this Amendment and Response, Applicant has canceled Claim 6 and elects Claims 1-5 for further prosecution.

It is now believed that the subject patent application has been placed in condition for examination and such action is respectfully requested.

Respectfully submitted,
